PROJECTS

Reel Junkie — *Team project*

https://gentle-castle-13144.herokuapp.com/

https://github.com/Nickpodski/reel_junkie

Designed menu, badge system for user profiles. Users can earn badges for various actions in our movie app. The app was built with React, Javascript, MongoDB.

Dungeons And Dragons Spell Book — *Team project*

https://radiant-island-35045.herokuapp.com/login

 https://github.com/Nickpodski/My_DND_SpellBook

Worked on a team to develop an application using JQuery, Express, MySQl, Materialize, and Turn.js. Users can add spells from the main spell book to their own personal book.

Javascript Quiz! — *Javascript quiz run on Javascript*

https://tianwes.github.io/Code_Quiz_using_Web_APIs/

https://github.com/Tianwes/Code_Quiz_using_Web_APIs

Used Javascript to create a fun, timed quiz all about Javascript. It keeps player's scores in local storage.
